Re: Arizona-American Water Company Rate Case
Docket No. WS-01303A-02-0867 et al.
Compliance Tariffs

AZ CORP COMMISSION
DOCUMENT CONTROL

2004 AUG 17 A 10:39

RECEIVED

Gentlemen:

Staff reviewed the tariff submitted by Arizona-American on July 13, 2004. The tariffs were submitted pursuant to the first ordering paragraph of Decision No. 67093 (June 30, 2004), which directed Arizona-American to file "revised schedules of rates and charges consistent with Exhibit A and the discussion herein." Unfortunately, the tariffs submitted by Arizona-American are not consistent with Decision No. 67093 in several respects. Several of these inconsistencies concern rates and charges:

1) There is no indication that the commodity rates are "per 1,000" gallons. Exhibit A to Decision No. 67093 lists commodity rates on a "per 1,000" gallon basis, but the following proposed tariff pages do not:

- (a) Sun City West Water – Sheets G-1, CW-1, and FP-1
- (b) Sun City Water – Sheets G-1, I-1, PF-1, and PIR/SB-1 (sheets 4 & 4a)
- (c) Mohave Water – Sheets G-1 (sheets 1&1a) and FP-1
- (d) Havasu Water – Sheet G-1
- (e) Agua Fria Water – Sheets G-1 and P-1
- (f) Anthem Water – Sheets G-1, I-1, P-1 and FP-1
- (g) Tubac Water – Sheet G-1

CMC

2) Havasu Water – Sheet G-1 is missing the late payment penalty conditions and incorrectly shows the reestablishment fee as \$40 instead of \$35.

3) Mohave Water – Sheet G-1 is missing the late payment penalty conditions.

- 4) Anthem Water – The proposed tariff contains a “water capacity reservation charge” that does not appear to be authorized by Arizona-American’s current tariffs.
- 5) Mohave Water - The proposed tariff contains a “water capacity reservation charge” that does not appear to be authorized by Arizona-American’s current tariffs.

Further, Staff notes numerous discrepancies concerning “rules and regulations” between Arizona-American’s current tariffs and its proposed tariffs. Arizona-American did not seek approval of such modifications in this rate case, and Decision No. 67093 does not authorize any such modifications. Accordingly, these modifications must be removed before Staff accepts Arizona-American’s proposed tariffs for filing. Because these modifications are quite numerous, they are detailed for each system on the attached Exhibit A.

Staff requests that Arizona-American prepare new proposed tariffs that address the concerns identified in this letter. If you have any questions, please feel free to give me a call at 602.542.6024.

Very truly yours,

Timothy J. Sabo
